# The Next Generation of Light Scapes is Here!

First there was the Light Scapes Flagstones video display that took brand awareness to new heights. Now, we've taken this revolutionary concept to the top. Table Tops. With Light Scapes Table Tops, your marketing becomes more accessible and more interactive, which leads to greater user engagement and, most importantly, increased sales.

Light Scape Table Tops utilizes our dynamic, patented technology of displaying high definition video and images that sit below an unbreakable Lexan display and places it at your customers' fingertips!

- Beautiful sleek, modern aluminum tables built with Light Scape technology —
- Best video and image quality to engage your customers —
- Lexan transparent panels that are unbreakable and waterproof—great for restaurants and bars —
- Add audio to wow your customers even more —

Encapsulated video monitors lay beneath the table surface and are computer-controlled to display vibrant photos, video and animation. And you can even add audio!

Show one, two, or more videos at one time. This way, no matter where your customer sits, they can view videos from any angle.

## AESTHETIC DESIGN WITH A MESSAGE

Our beautiful Light Scapes Table Tops are more than just a table with video. We've taken great care to design our tables to impress your décor as much as your ad impressions.

Light Scapes Table Tops are modern and gorgeous. Clean lines made of aluminum, these tables will enhance the look and feel of your interior design and will fit in anywhere.

At just over 2 meters long and about 1 meter wide, our patented Light Scapes Table Tops are approximately one meter tall, perfect for your videos and images to be easily watched and enjoyed.

We'll bring the tables right to your location and set everything up for you. Once connected to a remote computer, we can configure the system to change your video or images whenever you want. The unbreakable Lexan panel covers the video screens so there's no maintenance, no worry.

## VISUAL MARKETING WILL NEVER BE THE SAME!

Video is everywhere today. There's so much of it that often a message can get lost.

So, the time has come for something new. Something innovative. Something that stands out from the crowd.

We've already had great success with our Light Scapes Flagstones, the premier in-floor video advertising display.

And now with Light Scapes Table Tops joining the Light Scapes line-up, we've made your marketing campaign even more unique.

Captivate your customers and add prestige and fun to your advertising. And, more importantly, add to your bottom line!

**INCREASE BRAND RECOGNITION!**

**BUILD AUDIENCE REACH!**

**EXPAND TRAFFIC TO YOUR STORE OR BUSINESS!**
